

Let the LIGHT SHOW begin!

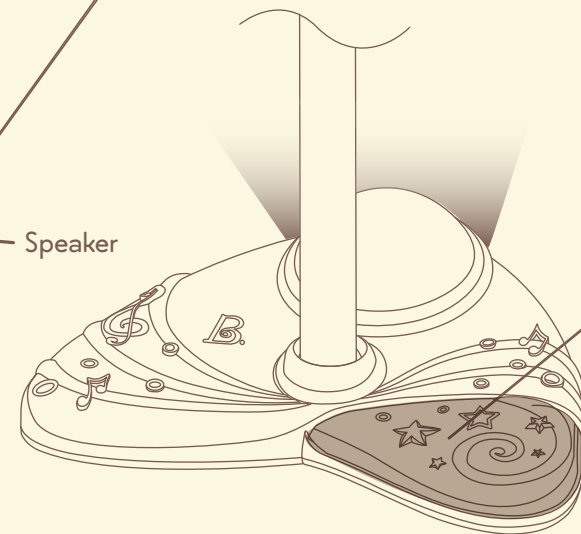

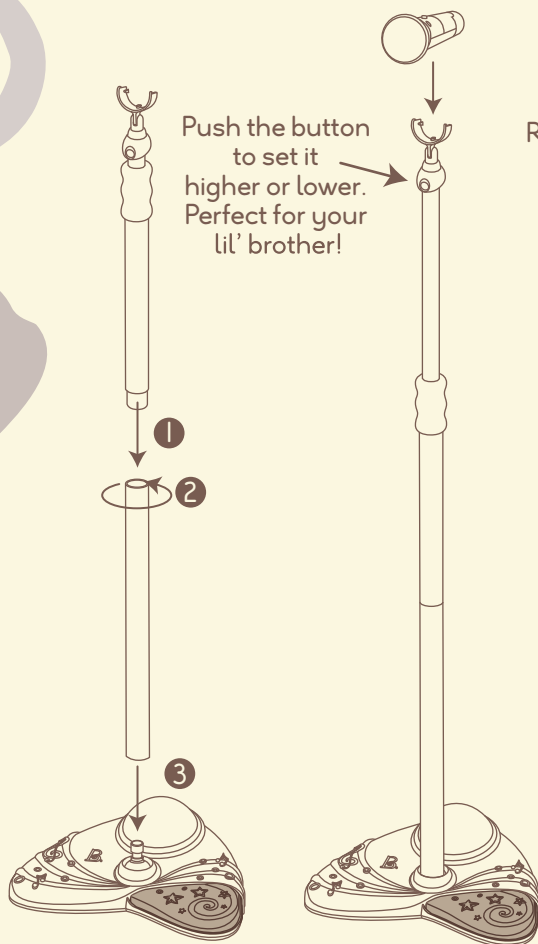

B.

Mic It Shine®

3 YEARS +

Extendable microphone with a ton of fun features.

- Press MUSIC button  to shuffle through 5 funky beats.
- Hold REC button  to drop lyrics over a song and make it your own. Slide to go from NORMAL to CRAZY and release to end the recording session.
- Press PLAY  to hear your latest creation on top of the song.
- Press STOP  when you need a minute (or two) to catch your breath.
- Connect a smart device via  Bluetooth® to sing along your favorite pop song. (Make sure the light  indicator is ON.)

1. To connect to Bluetooth, follow these steps from A to E.

- Turn off any nearby Bluetooth devices (e.g. speaker, phone or tablet).
- Make your audio device discoverable by turning ON Bluetooth in settings.
- Hold Bluetooth button on the back of the microphone, until the indicator turns ON.
- In settings, choose the "Mic It Shine" device.
- Microphone will "beep" and you're now connected.

2. Troubleshooting:

- If the indicator becomes dim, it's almost time to replace the batteries.
- After 3 minutes of inactivity, the microphone turns OFF automatically! Peace out!
- To avoid hearing sound feedback, don't go rocking in confined areas (for example: narrow hallways).

And now, it's time to face the music!

Bluetooth Function (Compatible with most smartphones featuring Bluetooth V2.1 and above.)

Replacing Batteries

REPLACING BATTERIES

3 X AAA (1.5V) batteries for microphone included.

3 X AA (1.5V) batteries for base included.

- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable batteries.
- Dead batteries? Check out earth911.com to quickly find the recycling center nearest you.

ATTENTION: When music becomes more of a whisper, it's time for a boost of new energy! Follow these steps to change the batteries.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received including interference that may cause undesired operation.

Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
